

CAR SUPPLY IS AGAIN CLOSE TO VANISHING POINT

(Continued from page one.)

The prospective plant since the work was begun.

Anthony W. Oplon, Frank Brown and M. A. Jolly #1 is understood to have secured some nearby property which they will develop into a parking lot.

Daily Loading. Daily loading in the Fairmont region on Thursday totaled 347 cars—100 cars of coal and 11 cars of coke. Mines along the Monongahela division of the Baltimore & Ohio railroad on Thursday loaded 712 cars of coal and 101 cars of coke. Coal loading east on Thursday was 223 cars while that west was 12 cars. Wagon mines loaded 10 cars of coal on Thursday.

Operations along the Monongahela railroad on Thursday loaded 10 cars of coal in the West Virginia district and 8 cars of coal in the Pennsylvania district.

Loading on the Helen's Run and Wyalusing branches of the Western Maryland railroad on Thursday aggregated 125 cars of coal.

Daily Consignments. Shipments off the Baltimore & Ohio railroad on Thursday were as follows: Curtis Bay, 160 cars; likes, 7 cars; Michigan points 11 cars; Ohio points, 45 cars; miscellaneous western shipments, 12 cars.

Railroad Fuel. Railroad fuel loaded on the Baltimore and Ohio railroad on Thursday totaled 214 cars. The Baltimore and Ohio railroad secured 113 cars; P. & O., 40 cars; New York Central, 19 cars; Bangor & Aroostook, 12 cars for a 16 car consignment yesterday, which is slightly heavier than usual.

East of Grafton. Twenty-one trains drew 949 loads east of Grafton over the Baltimore and Ohio railroad on Thursday.

Home From Pittsburgh. George T. Bell, executive vice president of the Northern West Virginia Coal Operators' Association, returned last night from Pittsburgh. Mr. Bell says that the car supply on the Pennsylvania system is very irregular also. The maximum run was 65 per cent and that was on a Monday.

Some day's run as low as 5 per cent.

Coke and other fuel men are reported to be acting as switchmen and the railroad is struggling along the best it can under conditions to move freight.

Embargo Is On. Pool 12 shipments to Curtis Bay have been embargoed. This affects low volatile coal at mines in the vicinity of Newburg, this state, as well as the mines of the George's Creek field.

The B. & O. railroad has cancelled an embargo on the P. R. R. deliveries through the Cincinnati gateway. The P. R. R. embargo through the Columbus gateway has been modified so that coal can go forward.

Fuel Administration. A new set of rumors are afloat in the Fairmont region again that the fuel administration will function. It is understood that this rumor is current in Philadelphia. The same rumor reached here about a week ago but nothing has developed that would sustain it.

Changing Siding. Work of changing the mine siding into the main track of the Monongahela railroad at Menon will be started soon. By this arrangement the former main track is closer to the mines and this will eliminate some shifting.

Personal Mention. William Coddington, of the Elmwood Coal Mining Company, Philadelphia, is in region.

B. M. Smith, of the West Virginia Coal & Coke Company, Elkins, is in the region today.

A. G. McArthur, Atlas Portland Cement Company is in the region today.

Opens Office Here. H. C. Drum, formerly of Uniontown, Pa., is today arranging to open a coal brokerage and export office for himself in the Hutchinson building—rooms 33 and 34. Mr. Drum, who was formerly the manager of the Fairmont office of the Tidewater Coal company, expects to start business at his new location on Monday.

Mr. Drum will represent The Wilham R. Seman company, Baltimore, and The Wiley Boyes Fuel company, Uniontown, Pa.

Is in the City. F. E. Fitzgerald, manager of sales, Tidewater Coal company, Pittsburgh, is in the city today. This company represents The Pioneer Coal and Coke company, Wheel Coal and Coke interests, Consolidated Coke company, Beal Coal company and United States Fuel company.

Made Manager. B. H. McInley, who was formerly connected with The Antler and Robinson Coal companies, and more recently with the brokerage office of The

Tidewater Coal company, has been made manager of the Fairmont office of the company. An addition has been made to the local force in Jack Barrett, of Pittsburgh, who will be located here with the company.

Buyers Mining Machine. At Ruth mine of the Tidewater Coal company along the Monongahela railroad a new Jeffry mining machine will be installed.

Thompson Case. In Pittsburgh on Thursday an order was made in the Federal district court by which the balance of the purchase price for the Piedmont Coal company was directed to be paid to the trustees of J. V. Thompson of Uniontown. It is conditional upon the retention of 150,000 which is to be held in reserve for the satisfaction of such claims as may still be outstanding. The next move will be the filing of their account by the trustees with the referee in bankruptcy.

West Virginia Coal Deal. The sale of 3,200 acres of Marshall county, W. Va., coal lands by the Ruth Coal and Coke company of Uniontown to E. T. Hitchman of Wheeling, was officially announced here yesterday. The consideration was not made known. The coal lands in question are located in the vicinity of Moundsville, W. Va.

FOR SALE

An Old Established Insurance and Real Estate Business

Commissions have been running more than \$1500 monthly. Great opportunities in the future in Fairmont Real Estate. This business can be bought at rock bottom price. Good reasons for selling. For information, address Box 7885 West Virginian.

Get Under a New Straw Hat

Last Year's Straws Are Only Good for Rainy Days

These are rainy days neither climatically nor financially. In plain English, society and prosperity both demand that you get under a new straw. The cost isn't enough to argue about if it is a little bigger than it used to be. For \$4.00 you get a good Hat. For \$6.00 a little better one. For \$12.00 the lightest, most comfortable hat you ever wore. This particular "Men's Store" has an ample supply of "New Straws" that come from the best makers in America.

Buying a New Straw is as Necessary as Putting On a Clean Collar
